

## Description

JM TPO RhinoPlate is a 3" (76.2 mm) round specially coated Galvalume® plate with a recessed center and raised flat bonding surface. The JM TPO RhinoPlate is a roof attachment system that uses heat induction technology.

## Use

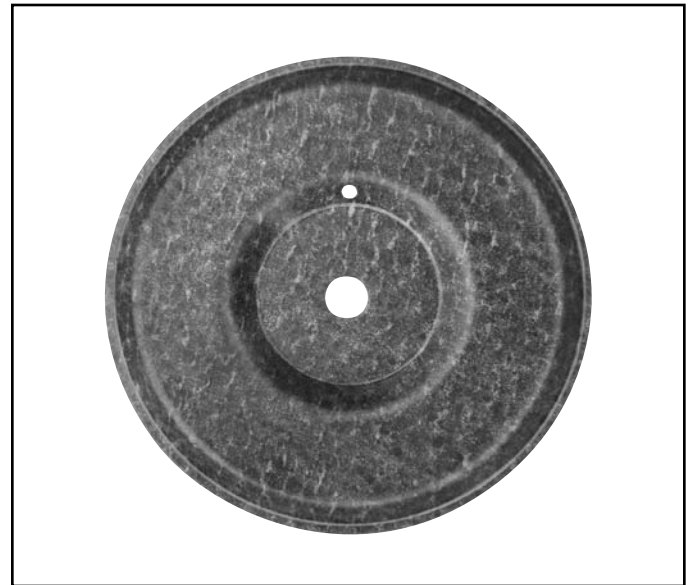

Use to secure roof insulation and thermoplastic roof membranes to wood, steel, lightweight concrete or structural concrete roof decks. For use with approved JM TPO membranes only.

## Color

Amber

## Advantages

- Factory Mutual approved system.
- Minimized fastener breakage.
- Wide welding surface to promote strong bond.
- Meet FM 4470 criteria for corrosion resistance.
- Typically uses fewer fasteners for quicker installation.
- Reduces membrane flutter.

## Packaging

500 plates/pail

## Precautions

**Refer to the Material Safety Data Sheet prior to using JM TPO RhinoPlate. The Material Safety Data Sheet is available by calling (800) 922-5922 or on the Web at [www.jm.com/roofing](http://www.jm.com/roofing).**
