Re: Johns Manville's Air Handling Fiber Glass Insulation Products are Made in America

To whom it may concern,

Johns Manville's air handling fiber glass insulation products are manufactured at a number of Johns Manville's plants in the United States of America including 200 West Industrial Blvd., Cleburne, Texas 76033, 713 Bankhead Highway, Winder, Georgia 30680, and 408 Perry Street, Defiance, Ohio 43512 . Johns Manville's air handling insulation products include Microlite® Standard and Microlite® XG Duct Wrap, 800 Series Spin-Glas® products, Spiracoustic® Plus, LinaTex®, Linacoustic® RC, Permacote® Linacoustic® HP, and Permacote® Linacoustic® R300 duct liner products, and Black, Mat-faced MicroAire®, EnviroAire®, and SuperDuct® RC duct board products. The accessory SuperSeal® coating products are also made in America. Specifically, Johns Manville's Linacoustic® RC products are made in Cleburne, Texas.

Please let Johns Manville know if you have any additional questions concerning its products or their intended applications.

Sincerely,

John A. Elverum
