Except for North and South Carolina

Fesco® Board Roofing Insulation is Now Stocked in Hazelton, PA

To accommodate the customers who purchase BUR & Modified Bitumen Roofing Systems, Fesco Board will now be stocked and distributed from the Hazelton plant.

Benefits to our customers:

- Mixed truckloads (full systems will ship on the same truck, i. e., polyiso , Fesco Board , and modified bitumen)
- Shorter lead times due to location in Hazelton

Products available:

- 1" Fesco 4X4
- 3/4" Fesco 4X4
- 1/2" DuraBoard® 4X4
- 1/2" Retro-Fit® 4X4.
- 1/2" RetroFit 4X8

Fesco is a low thermal insulation board with up to 30% total recycled content. It can be installed over ENRGY® 3 insulation, BUR, MBR, and some single ply systems. For more information on Fesco, please refer to www.jm.com.

If you have any questions, please contact Hal Shapiro, Product Manager Insulations.
