

### Description

The JM Purlin Fastener is a steel-coated fastener with a 1/4" hex head and 3/4" (19 mm) drill point.

### Use

Use to attach single ply membrane systems to structural steel purlins in standing seam metal roof retrofit applications.

### Advantages

- Quickly drills through up to 12-gauge steel.
- 3/4" (19 mm) drill point allows the fastener to be drilled through the purlin before the threads engage into the standing seam metal roof.
- FM approved.

### Sizes and Packaging

3/4" to 8" (95 mm to 20 cm) lengths  
500 fasteners/pail

### Precautions

Refer to the Material Safety Data Sheet prior to using JM Purlin Fastener. The Material Safety Data Sheet is available by calling (800) 922-5922 or on the Web at [www.jm.com/roofing](http://www.jm.com/roofing).
